## THE VOICE OF ALAFAYA VILLAGE

A PROJECT OF MAINSAIL DEVELOPMENT GROUP

DECEMBER 2007 EDITION

### 'TIS THE SEASON!

Ready or not, the holidays are upon us again! In celebration of this joyous time, Alafaya Village is displaying a spectacular 20-foot tree in front of our shopping plaza, beginning what we hope will be an annual tradition.

The statuesque tree is fully decorated with LED lights and on display in front of Alafaya Village from mid-November through the New Year. We at Alafaya Village look forward to a heart-warming holiday season and wish joy and happiness to you and your family.

### GIVE A PERSONALIZED GIFT THIS SEASON!

Painted by Hue, located in Suite 180, is a "paint your own pottery" studio where guests can create personalized gifts, including coffee mugs, holiday platters, knick knacks, picture frames and much more. This holiday season, give family and friends the perfect gift – a pottery item painted by you!

#### Saturday December 1

Check out the debut of our Gift Center! We're offering a variety of one-of-a-kind fused glass works including jewelry and hand-painted pottery items — all ready for gift-giving!

#### Sunday December 2 & 9

Painting with the Grinch — Painted by Hue is hosting a fun Cookie & Painting Party for painters seated between 12–2 pm. We're offering yummy, sweet holiday treats to munch on & lots of holiday pottery pieces to choose from to paint – everything from tree ornaments to platters. A "surprise" visit from the BIG GREEN GUY is expected while we paint! No reservations or additional charge for this special event!

### NEW LANDSCAPING FOR THE NEW YEAR!

Santa came early to Alafaya Village! We've added more than just a seasonal Christmas tree to the property. We have revamped the landscaping with new vegetation, including jasmine and juniper, as well as few other hearty plant varieties.

Did you know?

- Juniper berries are a spice used in a wide variety of culinary dishes and best known for the primary flavoring in gin (and responsible for gin's name, which is a shortening of the Dutch word for Juniper: genever).
- The majority of jasmine species are "climbers", meaning they grow on other plants or structures.
