TENANT SPOTLIGHT:

SBR & Associates

Owned by Sandra Richardson, [SBR & Associates](#) is a project management, construction, consulting and advisory services firm. The female, minority-owned business provides a wide range of services, including maintenance for both residential and commercial properties.

"It is my dream to build affordable housing for Central Florida's lower income families," said Richardson, a licensed general contractor. "I want everyone to own a home, and beyond that, I want to be able to create jobs for workers in our market."

While Richardson is ready to move forward with homebuilding, she says that for now, she will have to wait until land prices become more manageable. Until then, [SBR & Associates](#) will continue to provide diverse services, while seeking additional avenues to serve their clients.
